

## **SAFETY MEASURES AT ALL PINPOINT ACUPUNCTURE CLINICS**

There are many ways that we are making sure all of our clinics are safe and clean. Here are some of the safety measures we have in place:

- **Limited the number of patients at the same time.** Our clinics will continue to schedule patients at our 50% capacity or less
- **Deep cleaning and disinfecting.** Treatment rooms are cleaned between each patient visit; bathroom is disinfected after each use, and common areas are cleaned multiple times each day.
- **Keeping physical distance.** We are arranging lobbies and other common areas to encourage physical distancing.
- **Masks on.** We are asking all people age 2 and older at any clinic to wear a mask at all times. You can wear a cloth mask from home or we will give you a mask to wear.
- **For the patients that are experiencing a fever, cough, shortness of breath, or any flu like symptoms** we recommend them to follow the CDC guidelines which includes staying at home thus minimizing the risk of exposure.

We do appreciate all of our patients' understanding and corporation to keep our community safe during this unprecedented time.
